Artful Owl

Hoot hoot, love art

The Artful Owl uses art history as its starting point for the exploration of various methods and mediums in art making.

The goal of the classes is to instill visual literacy in the participants through experiential learning in art history. The classes will be geared to many learning styles; the goal is to create and enjoy the world of art.

PRESCHOOL PROGRAMS

AGES 2-6

Children from as young as 2 years old can engage in pre-school programs that will focus on **using tools and medium**. This includes drawing, painting (in various water based paints), printing, as well as 3-dimensional work. Illustrated storybooks will be used to emphasize lessons, providing context for instruction and art games are integrated to introduce art history.

\$225 per participant (includes all materials)
Parents or caregivers are welcome to attend with the participant if desired. Parental accompaniment is mandatory for participants under the age of 4.

SCHOOL AGE PROGRAMS

AGES 6-16

Using Art History as our launching point we will explore numerous areas of history, both contemporary and ancient, to inspire our studio practice. We will draw, paint, sculpt, build and collage our way through art historical themes to gain insight into art history.

Visual literacy, history and creativity are the goals of our art sessions.

All Classes are once a week.
\$290 6-8 year olds; 1 hour
\$350 9-12 year olds and Teen Art; 1.5 hours
\$425 Advanced Art; 2 hours
